A WEEKLY REFURLICAN NEWSPAPER, DEVOTED TO THE INTERESTS OF

WESTERN KANSAS.

Volume II.

The success which has attended us during the past year, as shown by our increased circulation, in our securing so extensive an advertising patronage, and by the high encomiums which have been received from the press and people of the State for our bold and independent course, is defence of the Right, have satisfied the Publishers that the Union is a fixed and permanent institution of Western

While thanking our many patrons for the bountiful support which they have given us; and for the encouragement received by the many compliments bestowed, we would ask a continuance of their help in making the Union a reflex of the prosperity and advancement which is sure to attend the course of Western Kansas.

Strictly identified with the interests of Western Kansas, and well knowing its vast resources, which are only awaiting the magic hand of the capitalist and laborer to be fully developed, and added to the growing wealth of the country, we shall spare no pains or energy to bring before the masses of the East the great advantage of our country as a place of settlement for the home-seeking immigrant. Everything tending to induce capital to flow hitherward for the development of our extensive Coal Fields and rich Salt Springs will receive that particular attention which it

In polities, we shall pursue that course which we believe justified by principles of Right and Justice, and which tends to Human Progress, Universal Liberty, and the free pursuit of Happiness by all mankind.

The importance of having a full and complete local department we would not under estimate, and we are again impelled to ask our riends to aid us in this matter-give us information of any thing transpiring in your neighborhood. We desire the Union to be a perfect history of this locality.

As we are unable to reduce the price of our paper, and live by it, at the same time making it a useful institution, we have concluded, in view of the mighty interests involved in the present struggle, to so arrange our terms as to give our friends an opportunity of extending our circulation in their localities:

One year [52 numbers] .

Six months [26 numbers] .

Ten copies, one year, . - 15 00 We will also give to the getter-up of a club of ten subscribers the eleventh copy gratis. We would appeal to our friends to aid us in putting the Unton in the hands of every man

in Western Kansas. BLAKELY & MARTIN, Publishers.

The fertility of the soil, the excellence of the water, the healthfulness of the location, and the abunlance of timber and building stone, are inducements of no ordinary character; while in addition, the rich mineral resources of this portion of the State, the Salt Springs, and extensive Coal Fields west of us on the Smoky Hill, insuring the early completion of a Rail Road from the Missouri River, makes it one of

The town was laid out six months ago, since which time over one hundred lots have been sold, and it now contains a store, blacksmith shop hotel, Post Office, and several families.
